Dell Latitude Rugged Tablet Ecosystem Guide

ACCESSORIES FOR THE ULTIMATE FIELD PRODUCTIVITY

Whether you're at the desk, in your vehicle, or on site, Rugged accessories help you do your job, efficiently and effectively.

Dell Rugged Accessories

Rugged Keyboard

Enhanced field productivity

Rugged Keyboard

Increase your productivity in the field by adding an IP-65 rated full-size keyboard with customizable RGB backlight to your rugged tablet. The keyboard cover attaches magnetically and offers additional screen protection when not in use. The attachable kickstand is included to keep your Latitude 7220/7212 Rugged Extreme Tablet propped upright while you type.

Fully rugged and sealed

Don't worry about your keyboard in the field. The keyboard is ready for the worst conditions and protected from water and dust intrusion.

Customizable RGB backlight

The keyboard features a backlight that can be set to the optimal color and brightness for the environment you work in.
*Sold together with Kickstand only.

Power Input	45W AC Adapter
Dimenions	112 x 78 x 39mm
Weight	168 grams

Responsive writing and drawing
Get a pen-on-paper-like experience with this Dell Rugged Active Pen. The pressure-sensitive design lets the tablet respond as though you are pressing down harder or softer to let you make sketches, send notes and click on folders and applications even when wearing gloves.

Replacement nib storage
A tail enclosure hides away up to four replacement nibs so that you can always carry around spares. Each nib slots in and can quickly be replaced so that you can get on with your day.

Survives harsh environments
This Dell Rugged Active Pen - PN720R can go anywhere your Dell Latitude Rugged tablet can go. The IP55 rating shows it can withstand dust, water, dirt and fog, making it ideal for even the harshest of environments.

Goes with you anywhere
The lightweight design ensures this active pen can go with you almost anywhere. Whether you are an emergency technician getting power back up after a storm, a warehouse worker checking inventory or making repairs on equipment in the middle of nowhere, this pen can handle it.

Simple button operation
Easily copy, select and move objects with a few button presses. This Dell Rugged Active Pen - PN720R makes completing everyday tasks simple.

Tablet Vehicle Dock from Gamber-Johnson

Cords and ports accessibility and easy docking

Mount your Latitude 7220/7212 Rugged Extreme Tablet in any vehicle with Gamber-Johnson docking stations.

Quick access to cords and ports

Both the docking station and tablet ports are accessible when the dock is mounted to your vehicle. All cords connect upward at the back of the dock, meaning you won't have any wires hanging in the way when you need to access your vehicle's dashboard.

Dual "Slam & Lock" technology for easy docking

Gamber-Johnson's one-handed operation makes it easy to dock your tablet and go. The guide wall on the bottom of the station ensures the tablet has proper placement every time. Removal is just as easy - simply lift the thumb tab on top and pull your tablet out.

Weight	1.6 lbs

Important information

Rugged durability and certifications:

Based on testing and certification to MIL-STD-810G, IEC 60529 (IP52 or IP65), MIL-STD-461F, and ANSI/ISA.12.12.01 standards, performed and reported independently by accredited testing companies. ANSI/ISA.12.12.01 and CAN/CSA C22.2 must be specified at time of order for certification. Some accessories may not be certified to all tests. See the Summary of Independent Environmental Testing document for more details or contact your sales representative for more information.

Availability:

Regional availability may vary for some offerings. Vehicle docking and other peripherals may be offered by third-party providers. Contact your sales representative for feature availability. Some features may be available later than general product availability

Weights and dimensions:

Weights vary depending on configuration and manufacturing variability.
