## COMPTROLLER ISSUES IRON MOUNTAIN RECORDS MANAGEMENT AUDIT

Robert E. Antonacci II, Onondaga County Comptroller, announces the release of an audit of the Iron Mountain Records Management Contract.

Mr. Antonacci said, "The Iron Mountain contract is an example of a service that crosses many County departments. It is imperative the centralized monitoring of these contracts be diligent. As our audit finds, there are numerous opportunities for saving money."

We appreciate the Department of Information Technology's response to our audit findings and hope all departments will work to resolve the audit issues with any new contract for records management.

Antonacci further noted, "The time has come to RFP (Request For Proposal) this service and it is hoped management will do a better job monitoring files that can be destroyed." The audit calculates approximately \$17,500 of storage costs could have been avoided if records were timely destroyed.
