

# Central New York Medical Reserve Corps

The Central New York Medical Reserve Corps (CNYMRC) serves Cayuga, Cortland, Jefferson, Lewis, Madison, Onondaga, Oswego, and Tompkins Counties

***The mission of the CNYMRC is to recruit, organize and train volunteer health and support professionals to enhance existing County health and emergency response personnel during public health emergencies.***

## **Who Volunteers for the CNYMRC?**

Volunteers can be active or retired licensed healthcare professionals such as:

- Physicians
- Pharmacists
- Nurses
- Mental Health Professionals
- Dentists
- Veterinarians

Volunteers can also be community members who want to assist in supportive roles such as:

- Office Workers
- Social Workers
- Interpreters
- Materials Managers
- Counselors

## **Why join the CNYMRC?**

- You contribute your skills, experience and service to your community
- You receive free training and education
- You can participate in public health activities and practice events
- You can meet and work with peers in critical settings
- You become part of a state-wide and national network of volunteers
